

# The Flux Party

## Leaders Report

2016 has been a huge first year for the Party. The Party was officially registered on the 29th of March, and we contested our first election on the 2nd of July. The party ran 13 Senate candidates, 2 in every state and 1 in the ACT.

The Party has quickly grown to become one of the countries largest by membership, including Australians of all ages, walks of life, and uniquely, a wide variety of political persuasions.

Current membership statistics stand at:

**Members: 5111**

**Volunteers: 1082**

Presently, 15 members are actively engaged in the organisation of the party in a variety of roles.

Flux is actively launching state based parties. Presently, the Party has registered in the ACT as '*The Flux Party - ACT*', and is currently awaiting registration status as '*The Flux Party - WA*' in Western Australia, where the Party intends to contest the upcoming WA state election on the 11th of March 2017. In the new year, we'll engage members in Queensland, Victoria, and Tasmania to begin launching chapters in those states

The movement behind the party has also grown internationally with a Brazilian chapter announced in early December. Party leadership is in the process of establishing a not-for-profit organisation called 'The Flux Foundation' which will serve as an anchor for the movement worldwide and connect member parties together.

I'd like to thank you all for supporting the movement, especially those of you who have contributed to making the Party what it is today. We've had an excellent first year and look forward to an even better 2017.

Nathan Spataro,  
Party Leader.
